

TO GROW OUR TEAM IN EYNATTEN (BELGIUM) WE ARE LOOKING FOR

SOFTWARE DEVELOPER PLC / AUTOMATION TECHNICIAN (M/F/D)

PERMANENT CONTRACT IN FULL OR PART TIME

STERISYS was founded in 2008 and is a leading provider of industrial sterilization equipment for medical devices and robotized handling systems for the pharmaceutical industry. We coordinate the international projects from Eynatten, only 12 km away from Aachen.

YOUR RESPONSIBILITIES

- Develop, program and commission automation systems (PLC), visualization and control systems as well as SCADA systems
- Development of new programs and modules, as well as enhancements, modifications, and corrections to existing software
- Assist with on-site start-up and troubleshoot, as needed

YOUR PROFILE

- Degree in computer science, automation, robotics, or equivalent experience
- Experience developing software, ideally for industrial applications
- Knowledge in programming of PLC and/or of HMI and SCADA systems (e.g. WinCC) is a plus
- Strong technical and analytical proficiency with the ability to thrive in a team environment
- Willingness to travel within Europe
- Fluent in German or French, good English language skills

OUR OFFER

- Exciting projects in the medical technology and pharmaceutical industry
- Extensive onboarding program to discover the company, colleagues and understand our sector of activities
- Flexible hours
- Personal and professional development through regular training opportunities
- Attractive salary package with additional benefits

ARE YOU UP FOR A NEW CHALLENGE?
