

TO GROW OUR TEAM IN EYNATTEN (BELGIUM) WE ARE LOOKING FOR AN

# ELECTRICAL TECHNICIAN (M/F/X)

PERMANENT CONTRACT (38 HOURS/WEEK)

STERISYS was founded in 2008 and is today a market-leading provider of industrial sterilization equipment for medical devices and automated handling systems for the pharmaceutical industry. We coordinate the international customer projects from Eynatten, only 12 km away from Aachen.

## YOUR RESPONSIBILITIES

- Specification of electrical cabinets and components
- Planification of electrical installations and commissioning tests at our facility and at the customer's site
- Fault finding and troubleshooting of electrical cabinets and components
- Support with the execution of electrical installation work and commissioning tests

## YOUR PROFILE

- Degree as electrician, electrical technician or similar work experience
- Experience in installation and assembly work of electrical cabinets and components is a plus
- Willingness to travel mainly within Europe
- Fluent in German or French; good level of English

## OUR OFFER

- Exciting projects in the medical technology and pharmaceutical industry
- Extensive onboarding program to discover the company, colleagues and understand our sector of activity
- Flexible hours
- Personal and professional development through regular training opportunities
- Attractive salary package with extra-legal benefits

### ARE YOU UP FOR A NEW CHALLENGE?
